

FISCAL NOTE

SJR 620

March 1, 2000

SUMMARY OF BILL: Requests the Department of Education to prepare and provide to all public schools a concise and practical guide to the legally permissible practices for the disclosure and sharing of student disciplinary information among educators. The department is requested to make such guide available to all public school classroom teachers in Tennessee.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Assumes an insignificant cost to set up a web site for the guide. This would eliminate the necessity of printing and distributing a hard copy of the guide to approximately 50,000 public school classroom teachers statewide. However, such guide would be available upon request in hard copy.
